TECHNICAL SKILLS

●●● Linux Administration

●●● Software Development

●●● Git / Github

●●● Web technologies

●●● Docker and Kubernetes

●●● Computer Security

AWARDS RECEIVED

 First Class Honours, University of South Wales

 Matrícula de Honra Bacharelato, Xunta de Galicia

 Beca Progreso, Banco Santander

PERSONAL PROFILE

I have always been a very curious person. That drove me to take a selflearning strategy that has given me an extensive toolkit and adaptability. I am really passionate about challenges and travelling.

WORK EXPERIENCE

Software Engineer, Göd \ni Enigma

A Coruña, Spain | 2020

- API development and security in NodeJS
- Kubernetes deployments with Helm and Docker images
- Blockchain and smart contracts with Hyperledger
- Frontend development with AngularJS
- Agile methodologies: sprints and documentation

IT Specialist & Chair IT, AEGEE-Europe

International | 2018 - 2020

- Wordpress administration and configuration
- Team work, problem solving and team building
